

Shenzhen Securities Information Co. Ltd.,

(A wholly-owned subsidiary of Shenzhen Stock Exchange granted exclusive authorization for proprietary information license)

Guideline on Third Party Website / Mobile Application (Framing)

Service

Third Party Website / Third Party Mobile Application (Framing) Service is the provision of real-time Market Information by a licensed data vendor on a third party website and third party mobile application. A third party website/mobile application is a website/mobile application that is not owned by the data vendor that provides the respective service.

Use and Distribution of the Market Information

Data vendors shall ensure the followings.

- The Third Party Website / Mobile Application shall not be entitled to assign, transfer or sub-license the right to distribute the Market Information to Subscribers or to any other person without the prior written approval from SSIC.
- The Third Party Website / Mobile Application prominently displays on the relevant securities quotation portion of its website, the data vendor's logo and a statement that the Market Information is provided by the data vendor.
- The Third Party Website / Mobile Application includes a disclaimer in the same form as the disclaimer set out in the market data license agreement, and where technically possible, transmit the disclaimer to Subscribers.
- The Market Information shall not reside in the Third Party Website / Mobile Application's computer system or database. In the event that the Third Party Website / Mobile Application requires physical access to the Market Information and/or wishes to make available the Market Information in its own name, the Third Party Website / Mobile Application shall enter into a separate market data license agreement with SSIC.

Reporting & Fees

- Data vendors shall maintain accurate records and URL of any Third Party Website / Mobile Application that is provided with Third Party Website / Mobile Application (Framing) Services.

- Data vendors shall maintain an independent log record and quote meter for the Third Party Website / Mobile Application to keep all quotes requested by the Subscribers. Such log records and quote meter records shall be subject to inspection by SSIC.
- For provision of real time data via Third Party Website / Mobile Application Service, the Monthly Subscriber Fee is charged per respective data usage, with a minimum Monthly Subscriber Fee of US\$800 per client. For the avoidance of doubt, if the data vendor provides Third Party Website Service and Third Party Mobile Application Service to the same client, only one minimum Monthly Subscriber Fee shall be payable in relation to that month.
- In case that the provision the Market Information by the data vendor on a Third Party Website / Mobile Application Service is on a delayed basis, this Guideline is not applicable and the license fee of redistribution of delayed market data shall be liable on this third party.

Data vendors are required to sign an Appendix attached to the existing market data license agreement as per this Guideline.

SSIC reserves the right to change any information in this Guideline at any time upon written notice.
